NUMBER 32

Beet Harvest About Over -- Big Beet Pay Made

As we go to press, we are informed that all beets in the district so far known are out of the ground and safe for delivery. Siloed beets are still coming in, and a few growers are still hauling from the field. The good stretch of weather has permitted the finishing of the harvest.

The big beet pay of over a million and a quarter dollars went out the first of the week, and was in circulation by Wednesday. From this first pay, however, were deductions for seed, feed, fertilizer, labor and cash advances, so that by the time these were accounted for the amount received by growers was not so large as the figures would indicate, however it was greatly appreciated.

NEWS NOTES

C. S. Matkin of Magrath was a Raymond visitor Friday.

Mr. and Mrs. Howard Oliver and children of Calgary have spent the past week with relatives here in Raymond.

The C.P.R. and C.N.R. have announced single fare tickets for all soldiers, the reduced fares being good anywhere in Canada.

R. W. Cadroner, C. A. of Lethbridge, auditor of the town of Raymond was in town over the week-end giving the Town books their quarterly audit.

The 3,000 ton Swedish freighter "Rira" carrying cellulose, and the Finnish steamer "Otava" carrying wood pulp for Britain were both seized by the German fleet on Tuesday.

Six cargoes of timber from Soviet Russia for Britain have been received by British authorities. Britain is trading iron and tin to Russia for the timber.

The German ship Blumenthal of 7,900 tons was captured by the British on Tuesday. This is the biggest capture so far for the British of ocean going crafts.

Lloyd Siler, Milk River farmer was found dead in his home Tuesday. From contents of a note he left no inquest was considered necessary. He had lived in the Milk River country for a long time.

Larry Bruce Larson, two and half year old boy of Standard, Alberta, was almost instantly killed at the farm home of his parents Monday when his clothes caught in the gears of a chopping machine that was being used there and he was drawn into the machine.

Christmas is getting nearer and nearer. Before you get too busy with other Christmas rushes, why not come in and order your Greeting Cards. We have a nice line to choose from the price is right and you get good service. See our samples first. —The Recorder.

After taking the American steamer "City of Flint" from the German Prize crew at the week-end, Norway returned the steamer to its American crew and imprisoned the German Prize crew for resisting authorities and refusing to leave port when instructed to do so. The affair has caused quite a sensation amongst official circles of all countries.

LIBRARY NOTES

A number of people ask why does the library have books which cost the reading public 10c. to read?

When the library was first opened the cost of the late books were such that they could not be put in the library. It was found that enough people were more than willing to pay the small fee of 10c. per book in order to have a best seller to read. Today while the cost of books are the same we have many more new ones but the list of waiting books is much larger, postage on these books run between 2 and 3 dollars per month. 12 books are on the waiting list, the most these books have ever brought into the account in one month is \$2.40. Let us look at the record of two popular books "Rebecca" and "Gone With the Wind."

"Rebecca" being a 10c book has paid \$2.60 and cost 48c. in postage "Gone With the Wind" is not a 10c. book but very popular covering the same length of time it has cost 36c. for postage. Today there are 43 books on the waiting list. The money from the 10c. books is used to help with the postage on the waiting list books.

We are asked how many books are loaned per day from the library? We might say that during the month of October 1,089 readers used the reading rooms and 1,215 books were loaned. November promises to be a much better month as on Saturday, the 4th, 109 books were loaned, and on Monday, the 6th 82 went out.

From the 1st of January to the first of November 1939, 312 new books have come to the library and among them, all the best sellers for the current year. 78 used books have been donated to the library and 18 new books are on order.

Each month 49 Magazines come to the library, and are listed as follows:

Tiny Tots, 3; Juniors, 6; Church, 4; Picture Magazines, 4 and the remainder are adult.

We are often asked What class of fiction does the public of Raymond read most? Mystery stories head the list.

Lee Brewerton was in Calgary on business the first part of the week.

W. E. Ross of the Calgary Power Co. Lethbridge, was a business visitor here Wednesday.

The Athletic Association Carnival gets under way tonight. Besides the beautiful Chesterfield as a main prize a great many valuable door prizes will be given away during the evening.

Quarterly Conference --Two Edifices Dedicated

The Quarterly Conference of the Taylor Stake of Zion was held Saturday evening at Stirling, and three sessions Sunday in the 2nd Ward Church here in Raymond. President Rudger Clawson of the Council of the Twelve was present at all sessions and spoke in three of the meetings.

The Saturday evening meeting was held in the newly completed Recreation Hall of that town, and was primarily for the purpose of dedicating that fine and commodious hall which has been completed and paid for during the last year, and a half, at a total cost of \$15,000.00 and will stand as a monument for years to the faith and integrity of the people there. This structure was dedicated by Elder Clawson during the evening. With this and the new Church dedicated two years ago by Elder Joseph Fielding Smith of the Council of the Twelve, our sister ward is well provided with public buildings for meetings and entertainments.

The Sunday morning meeting commenced at 10 a.m. after a special Relief Society meeting which was held at 9 a.m. President T. Geo. Wood conducted the meeting and the Stake Choir with W. C. Stone conducting and Mrs. Emma Dahl at the console furnished the singing.

After "Onward Christian Soldiers" by the Choir and Congregation and prayer by Mrs. C. S. Matkin of the Stake Relief Society Board, the Choir sang "Sweet is the Work."

I. B. Roberts, Stake Clerk presented the General Church and Stake Authorities and they were unanimously sustained, and then Mrs. Nellie O. Parker representing the Relief Society General Board at the Conference spoke briefly of some of the important points of Relief Society work and bore her testimony to the truthfulness of the Latter-Day Work.

Preceding her talk the choir sang "For the Strength of the Hills" and following this the congregation and Choir sang "Love at Home."

Elder Clawson expressed his pleasure at being here for this Conference and assisting in the dedication of the two fine new buildings in the Stake. It showed that the Church was growing steadily and that all buildings were constantly being outgrown. When the Salt Lake Tabernacle was erected the Conference crowds did not half fill the building. Today, if they had the building the assemblies would fill a hall three times as large as the Tabernacle. He had visited the Canadian Stakes

33 years ago, and he never expected to live to see the day that such a building as the 2nd Ward Church would be built here, and in addition to all the fine Ward houses in these Stakes we had a Temple in Cardston, which he appreciated, but never expected to see when he made his first trip here years ago.

He spoke of the growth of the Relief Society and the wonderful work this organization were doing and had always done in the alleviation of pain and suffering and the assistance they rendered in times of death and sorrow among the Saints.

He told the children a couple of stories, and then preached a fine sermon on the personality of God and pointed out some of His attributes, which in themselves contradict the sectarian teaching of a God without body, parts and passions.

The choir sang "Recessional" and "Great and Marvelous are Thy Works" and the benediction was pronounced by Elder Heber S. Allen.

RELIEF SOCIETY SESSION

At 2 p.m. the meeting featured Relief Society work, and was conducted by Pres. Heber F. Allen. The Choir and congregation sang "Praise to the Man," prayer was offered by Mrs. Amelia S. Briggs of the Stake Relief Society Board and the second number was a mixed quartette from Stirling "A Song of Thanksgiving" sang by Mrs. W. W. Brandley, Mrs. Marie Clawson, Bishop A.D. Erickson and W.W. Brandley.

Mrs. Myrtle N. Passey Stake Relief Society President reported the work throughout the Stake and said there were six wards and three branches carrying on throughout the Stake and all were doing a fine work and the branch organizations especially were filling a big need in the lives of the sisters in those districts.

"The Londoner Air" was played by Mrs. J. A. Rivie at the piano, her daughter on the Cello and Nyl Fletcher on the Violin.

Mrs. C. S. Matkin spoke on the great responsibility of parenthood, and stated that we must be teachers as well as be taught, and she urged all the ladies to take advantage of the fine lessons provided by the Relief Society board, and especially the younger mothers in order to be better able to rear their children.

The Choir sang "Let the Mountains Shout for Joy."

Mrs. Nellie O. Parker spoke of the important part the visiting teacher played in Relief

(Continued on Page 3)

CANADIAN RED CROSS

An organization meeting for ant work over.

the purpose of organizing a local chapter of the Red Cross will be held in the Town Hall, Wednesday evening next, November 15th, at 7:30 p.m. Plan now to be present and assist in effecting a strong and live organization to put this important work over.

Organizers were here a week ago asking that a unit be formed and this meeting on Wednesday night will give us the opportunity of selecting the men and women we want to carry on the Red Cross work in this neighborhood.

"STRAIGHT" IS THE WAY

This interesting three act drama is under course of preparation now under the direction of the 2nd Ward Genealogical Committee and will be presented in the 2nd Ward Recreation Hall on the evening of Saturday November 25th. We will have more details of the presentation and possibly the caste in time for next week's issue.

ATTENTION!

Saturday, Nov. 11 and Armistice Day will be observed as a public holiday and all stores and offices will be closed.

Memorial services will be held at the Cenotaph at 10:30 a.m.

NEWS NOTES

The "ham and eggs" plan of \$30 every Thursday in California went down to a 2 to 1 defeat Tuesday and Ohio also turned thumbs down on a \$50 a month pension plan.

Dr. G. Dubue of Pincher Creek was found dead beside his car Wednesday morning, apparently dying from a heart attack. From the way he was dressed it looked as though he might have planned on a hunting trip.

Germany is preparing for a five year war and in a speech at Munich on Wednesday Herr Hitler said Great Britain will be beaten in the present conflict. Observers repeatedly state that German propaganda is aimed at driving a wedge between France and Britain.

Three Nazi attacks upon the village of Forbach have been successfully repulsed by the French troops who are still in command. This is a key village in the Saarbrücken industrial area and the German troops have endeavored for the past week to regain this section of country in order to remove the Saar valley from the domination of French troops. In each attack the French didn't yield at all.

NEWS NOTES

Byron Vance of Rosemary district was a visitor in Raymond for a few days this week.

Mrs. Leonard Flexhaug was a passenger to Lethbridge Tuesday where she visited for a couple of days with her husband who is in training there.

After several years residence in Raymond, Mr. and Mrs. Chas. Smith moved to Lethbridge yesterday. Mr. Smith will be here for a few days yet finishing up some work he has.

Premier Godbout of Quebec took office Wednesday morning at 9 a.m. and chose 14 men for his cabinet, he himself taking the post of Minister of Agriculture along with the Premiership.

Max Heggie left Lethbridge on the 6:00 train Thursday night for Sudbury, Ontario where he has employment in the Nickel Mines. The Jacks will miss the services of Max on the basketball team but we wish him every success in his new job and we understand that basketball in the winter will be a sideline with him there as it has been here. Mrs. Heggie will follow after Max has obtained a house, which he says are very hard to get in Sudbury.

The partition between Stone's and Hall's Barber Shop was removed this week, and work is going ahead as rapidly as possible to making it all one big store. An island down the centre with a U counter at the front will modernize the store and enable the owners to give better service to the public of the town. Henry Kendall and Chas. Smith are making the alterations.

A bomb explosion in Munich the building where a Nazi celebration meeting had been held killed six and wounded sixty. It is believed it was an attempt on the life of Adolph Hitler and only the fact that official matters called him back to Berlin meant he offered a reward of \$200,000 for the apprehension of the instigator of the plot.

Armistice Day Program

At a meeting of the Vets held Wednesday evening, the following Armistice Day program was decided on:

Assembly at the Cenotaph at 10:30 a.m. sharp

A government letter, prepared for the youth of the land will be read by Lee Brewerton.

Two minutes silence, followed by the sounding of the Last Post by Paul H. Redd.

"Maple Leaf Forever" will be sung by the School children.

Address on "Armistice Day" by O. H. Snow.

Wreath placed on foot of Cenotaph by Mrs. E. J. Hutchinson.

Singing "God Save the King".

Poppies were sold on the streets by the Boy Scouts Wednesday night, but the blizzard interfered with this activity considerably, and an effort will be made to dispose of the remainder of the poppies Saturday.

Beautiful Second Ward Chapel Dedicated Last Sunday

QUARERLY CONFERENCE

Society work as the contact between leaders and members. The monthly message, through these teachers should go to every Latter-Day Saint home. She spoke of the beginning of the teaching system just after the Relief Society was organized and how it had developed through the years. She said an old adage was "honesty is the best policy" and there was never a time in the history of the world when this message and its application was needed more than it is today.

Miss Aurline Tanner sang "Yesterday."

Chas. C. Asplund, District Agriculturist and a member of the Regional Agricultural Committee spoke briefly on the question of Land Tenure and permanency. He pointed out that statistics showed that the population of the Canadian L. D. S. Stakes was increasing very little, and that the boys and girls were leaving the land and were training for other professions and trades. He urged land owners to hold their farms and to train boys and girls to stay on the farms as agriculture was the basic industry of the country and would continue to be for a long time. He said two questions presented themselves the education of the youth, and assistance in our youth obtaining land, and these two questions he said should be studied and solved as an answer to the briefly on the Land Tenure challenge.

Pres. T. Geo. Wood spoke problem, especially the talking girls, and urged every family to raise enough vegetables and produce for a year's supply. of farming to the boys and Th choir sang "Jerusalem" with Mrs. Reithman singing the solo, and Bishop Frank Steele of Lethbridge offered the benediction.

SECOND WARD CHURCH

DEDICATED

One thousand people, including the Presidents of all three Canadian Stakes gathered in the new Second Ward Church to be present at the dedicatory services which were taken charge of by Pres. M. T. King of the Stake Presidency. The 2nd Ward Choir conducted by Chas. B. Strong and Jos. McLean with Mrs. Emma Dahl at the organ furnished the music for the meeting which opened with the singing of "Praise to the Man" by the Choir and congregation, invocation by Elder L. D. King, after which the Choir sang "Grant Us Peace O Lord."

Elder J. W. Evans, first bishop of the 2nd Ward when it was created in 1912 was the first speaker and he told of the early year of his experience in Raymond, stretching from 1903. He paid tribute to the energy and integrity of Bishop Walker who had served in the Bishopric now since 1912 and had been bishop since 1924.

Bishop Walker was asked to give a report on the building. He stated that the building was commenced in 1928, and that at that time they were holding thirteen classes in one room in the old Church, now the Buddhist Temple. In company with F. B. Rolfsen, architect of the building he had visited quite a few churches in various parts of the Church and finally decided on the present structure. Many people had said it would never be finished but they went to work and this meeting and dedication crowned eleven years of work and effort on the part of the people of the ward. The people were satisfied and proud of their new home, and he felt it would be the means of getting the people to improve their own surroundings and have better and more beautiful homes.

Reporting on the financial end of the problem he stated that the original estimate was \$85,000 but that with the interest that had been necessary and the long time needed to complete it, it stands now the building represents an expenditure of \$95,211.58 which with the grounds, trees, furniture and interest makes a total of \$107,285.23. Of this amount \$14,000 had been raised through entertainments of various

kinds and donations of cash, the Church had given \$50,500, labor, produce and so on represented the difference. Floor coverings, a drinking fountain and a motor for the basement were still to be procured before the program was finished. He voiced the appreciation of the Bishopric for the loyalty of the people of the ward, and especially the women in completing this fine building.

Pres. M. T. King expressed his appreciation at being asked to say a few words and was delighted to see the fine building so far completed. He thanked his friends and neighbors for their helping him to make his own life better and wondered if we were living as well as our pioneer ancestors did. He quoted Church statistics and said there was a big room for improvement in this activity.

The Choir sang "Dream of Paradise."

F. B. Rolfsen, architect expressed his gratitude at having assisted in the planning of such a fine Church. John F. Salmen, Chairman of the Building Committee told of the construction drives they had held and praised the fine response of the people. Since the building was covered in, or shortly thereafter, not one dollar of cash had been spent for labor it having all been donated. W. A. Heninger and L. L. Palmer counselors in the Bishopric voiced their appreciation at having the building completed and praised the leadership of Bishop Walker and the loyalty of the people of the ward without which this program would have been impossible. Speaking for the ladies of the ward, Mrs. J. W. Evans and Mrs. J. H. Walker said that it had been a joy to assist in the enterprise of this fine new church and that as it grew and approached completion they were happier every year in the work they assisted the ladies of the various organizations to put over. Elder Rudger Clawson in his preliminary said he was sure the Lord was pleased with this building and with the progress of the people in the Canadian Stakes. He felt that these fine buildings give us prestige with our governments and with our neighbors. He then offered a beautiful prayer of dedication, after which he spoke briefly on the work of the Redemption of the dead and urged his listeners to work while the day lasted in this most important labor for their ancestors.

Pres. Wood spoke briefly, said there were many high points in the night's proceedings and read a poem by Elder Geo. H. Brimhall on growth and unity in the Church. If we can enjoy unity no power on earth can hold us back. The Choir sang "The Lord's Prayer" and the benediction was offered by Pres. Heber Allen.

ARMISTICE DAY

Tomorrow, Saturday, November 11th, the world celebrates Armistice Day, the anniversary of the joyful day in 1918 when finis was written to the Great World War, the cannon silenced, and we hoped that war would be no more. Throughout the years on this memorable day, fitting tribute has been paid in song and speech, in the raising of poppies made by disabled veterans, and other ways to the sacrifice of life, limb and happiness by the hundreds of thousands of men who fought, and the sacrifice of happiness of these and other hundreds of thousands of women and children left without a husband or father, and some of them a crippled husband or father as a constant reminder of the great holocaust. Many, however, are still paying in undiminished health the cost of the 1914-18 conflict.

Among the many sad notes of this Armistice Day is the very poignant reminder that the blood and sacrifice of the last war appears to have been in vain so far as ending war is concerned. Twenty one years after the signing of that great peace pact, the nations find themselves at war again, in another titanic struggle. In the main the cause is the same

freedom versus oppression, and in the main the lineup of powers is about the same. So that time might be termed to have been turned back twenty-one years so far as the permanent peace we hoped for is concerned. The futility of war is admitted by all, and yet we continue to war. We say we must to maintain freedom and democracy, our opponents say they must fight to get back what is right fully theirs and give their subjects the superior government they are entitled to. Where is right? Time will undoubtedly tell.

On this Armistice Day, while we cannot enjoy the calm and peace that have marked other such days, we can remember with reverence the sacrifice of those who fought to maintain the cause of freedom and right estness for the courage of the and we can thank God in earnest youth of the land, and the older leaders, who are ready again to pay the supreme sacrifice, even though it means death, to uphold the traditions of freedom of thought and action and the pursuit of happiness that has characterized the history of the British Commonwealth of Nations ever since the days of Nelson and Wellington and other such characters. We can be thankful that, while no open declarations have been made, sympathies of the neutral countries appear to be on the side of the Allies, and while of course the heaviest cost in life and money is going to fall on the nations actually in the fight, it is consoling to know, that if present neutral countries are able to remain neutral, which begins to look very doubtful, that the Allies still have the material wealth of these nations to assist in the prosecution of the present conflict.

On this Armistice Day, while we are confronted with the ogre of War in all his ugliness as intelligent people, and as Christians, we should try, as far as possible to keep the venom of hatred and dislike away from us; it is a bad poison, but we realize that it's elimination is practically impossible, and yet, our hope and prayer on Armistice should be that right will prevail and that it may prevail with a minimum of suffering, privation and heart ache.

PUBLIC MEETINGS TO AID POTATO GROWERS

The Department of Agriculture announces the following public meetings of assistance to everyone growing or marketing potatoes:

Dominion Experimental Farms, Lethbridge, Nov. 14th, 2:30 p.m. Raymond—Nov. 15th, 8:00 p.m.

"Lethbridge Gem" potatoes have had a high reputation in the potato trade. Very regrettably that reputation is threatened to deteriorate considerably unless growers and others concerned in the trade take steps to protect it.

The obvious question is: Why should the reputation of Lethbridge potatoes deteriorate? There are several main reasons: 1. The low price to farmers for several years past has destroyed their incentive to use good seed. 2. Poor seed has resulted in the outbreak of new diseases and an increase of common diseases. 3. The movement of inferior seed between farms has spread disease. 4. Lack of proper attention during the growing season often has been the cause of low yields of inferior quality. 5. Inferior grades sold to unsuspecting buyers may destroy confidence and be injurious to the district as a whole, as well as to growers and marketing agencies who sell a high quality grade. Public meetings are being held at several efforts to help keep the potato industry on a sound basis.

Potato growers should not exchange seed or buy potatoes for seed unless the grower can show that his stock has been government inspected and recommended. A certification tag or letter of recommendation is necessary. Good seed and care in growing and selecting for market must be combined to assure a high quality grade. At the meetings speakers

from the Dominion and Provincial Departments of Agriculture and the Experimental Farm will discuss disease identification and control together with proper care of the crop. The introduction of and care of new seed and other subjects of interest will be covered. At this time it is the duty of everyone to protect and improve our food resources.

Mr. and Mrs. A. J. Halvorsen and family of the Lucky Strike district east of Warner were Conference visitors here Sunday and were guests of Mr. and Mrs. Clarence Alhred.

The old saying "never some loss without some gain" is proven again. With holidays impossible in Europe this winter, and the premium being paid in Canada on United States funds, more and more of our neighbors to the south are coming to Canada for a vacation this autumn.

The Malay States have donated 1,000,000 Malacca dollars (\$530,000) for the defence of the British Empire, and in their communication stated that the Allies were forced into the war and were fighting for the defence of freedom and liberty as they were glad to make this donation to such a worthy cause.

The kids shut up quickly the other day when they twitted Caretaker about having the cows and a calf in the hall of the High School on Halloween he said "O I didn't mind, it was just a case of cleaning up after the cows instead of after a bunch of pigs." No wonder they kept still.

Sam Dyson was the guest speaker at Rotary on Monday and gave the Club some information of the present maintenance of our water system and costs of replacements with iron pipe. Sam's explanations of some of the problems we have to deal with in our water supply was enlightening to all present. Visitors at the luncheon were W. J. Wilde, R. L. Folsom, Howard Oliver and Sam Dyson.

RED CROSS NOTES

On Monday, November 13 the Canadian National Red Cross Society opens its \$3,256,900 war fund campaign. Alberta's allotment in the campaign is \$150,000. In the northern part of the province Mr. W. J. Dick, of Edmonton is campaign manager, with Captain K. C. McLeod, Manville, as his assistant. In the south, Mayor A. Davison of Calgary is manager, while his assistant is Mr. W. A. Austin, of Didsbury.

While the actual fund campaign does not start until Nov. 13, the Society has not only organized for war service as an auxiliary of the C. A. M. C., but is busily engaged through its volunteer workers in preparing war supplies already asked for. This advance activity has been made possible through cash advances guaranteed by the chartered banks of Canada to the extent of \$500,000.

Realizing the extent to which army authorities depend upon the Red Cross Society for hospitals in the fighting field, surgical and other hospital supplies and comforts for the fighting forces, managers of the fund campaign are confident Alberta citizens everywhere will respond readily and willingly to the campaign slogan, "Give till it hurts."

From the French Red Cross and the Legation of the French Republic at Ottawa the Canadian Red Cross Society has received communications emphasizing their needs. These include medical supplies, dressings, clothing, bed coverings, socks, food, absorbent cotton, bandages, surgical material, disinfectants, splints and sterilizing equipment.

The American Red Cross has supplied the French Society with 5,000 blankets, 30,000 suits of underwear and 30,000 other garments. In addition the American Society has provided \$25,000 worth of medicines for Polish sick and wounded as well as underwear and blankets for Polish refugees in Hungary and Rumania.

Canadian railway and other transportation management have agreed to give free transport to all war supplies under Red Cross auspices during the war period.

NEWS NOTES

The regular Municipal Council meeting was held Tuesday at the office. Routine business occupied most of the time. The question of a snow plow was discussed, some, but the meeting felt that with the heavy expenditures this summer on new roads and graveling, that the purchase of a snow plow for this winter was hardly feasible.

George Bremner of Calgary was held up on a darkened corner of 5th Avenue in that city Monday night and robbed of \$260.00. And some time over the week-end the Cameo Studio in Lethbridge operated by J. Durant, who operated here last fall, was burglarized, and Durand reported to the police the theft of \$2,000.00 from the premises. Police have good clues and are working on both jobs.

Queen Wilhelmina of the Netherlands and King Leopold of Belgium have sent communications to the warring nations offering their services as peace makers in another effort to end the strife. It is stated in some circles that Germany has threatened their peace and neutrality if they do not do this, and the mobilizing of Nazi troops near their borders have added anxiety to the rulers of these small kingdoms.

The Trail Builder class of the 2nd Ward Primary gathered at the home of Chas. B. Strong last week and spent a very enjoyable evening there, enjoying refreshments and singing and listening to the tales of Mr. Strong's experiences in foreign lands when he used to sail the seven seas. It was especially appreciated by the host, due to the fact that his physical condition keeps him at home so much.

Grandpa; "The secret of my health is eating onions." randaughter: "Yes, but how can anybody keep a secret like that?"

The school students are lamenting this year that Armistice Day comes on Saturday, which robs them of a school holiday. Oh well, boys and girls, these things do happen.

On a Dominion wide broadcast Tuesday evening Prime Minister Mackenzie King stated that victory in the present war may well be shaped on Canadian soil because of our part in the training of air-men whose work in reconnaissance and combat was proving such a weight in the present conflict.

Ernest Reithman has recently completed the decorating of the recreation hall in the Second Ward Church, and in our estimation it is an outstanding piece of work. We are not an artist but the choice of theme and colors and the blending of the various shades appeal to us as some thing of which the artist and all lovers of art might well appreciate and really enjoy.

Allan Erickson and John Hirsche of the Wrentham Branch with their wives were here for the dedication services of the Second Ward Church Sunday evening.

Another international question was raised Wednesday when British ships were fired upon by submarines east of Boston in what officials believe were neutral waters recently decided upon by the conference of American republics. If that is so then United States will likely lodge a protest as belligerent vessels are forbidden to attack other vessels within this zone. The outcome will be watched with interest.
